Superintendent

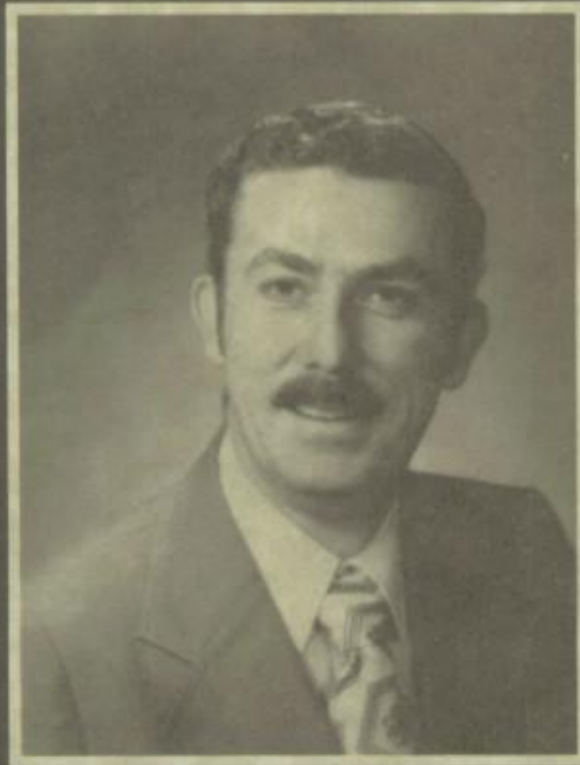

I want to congratulate Mrs. Rhoton and the annual staff on the fine job they have done on the 1986 **PIRATE** yearbook. They have worked very hard to produce a valuable record of the school year 1985-86.

To the seniors going on to college and beginning careers, I offer encouragement. You are fortunate to have been able to live and grow up in the Keyes community, and I feel that our school has given you a good educational foundation. I hope this year has been enjoyable and productive for everyone associated with Keyes School. I know that this book will help highlight the memories.

In order to be a teacher,
It takes a lot of patience,
Understanding, and hard work.
Teachers keep the students,
In the best of humor,
So that they can learn more.
They do all they can,
To teach about life's plan.
In each day of work,
Teachers learn how to make the students perk.
When the school year is through,
They know that the students can do,
Whatever they desire.
This is what we admire,
That a teacher's work is never done,
But we appreciate them one by one.

... Teachers are people, too!

Finally

In all that I've done and at that I've learned,
 I've searched for a "Me," for others to see.
 Upon looking up after four years have gone by,
 I found another page of my life has turned.
 The simple happenings of today
 Will be great memories tomorrow,
 And the fact that we can't do it again
 might bring us a bit of sorrow.
 Yet the simple fact that we've lived life once,
 Will let us think it a success,
 And the years to come will prove to us
 This year had been better than all the rest.

Jamie Bourk

To receive the honor of being yearbook king/queen, that person must sell the most yearbooks. This year the winner is Jamie Bourk. She sold 29 annuals. Selling yearbooks, though, is not the whole job. It involves a lot of classroom hours simply to plan the annual, then several more hours must be spent getting the pictures ready. To the people on the annual staff, they know it was worth the pains it took to make this a memorable yearbook.

After eight hours of hard work, Debbie McCarty has finally finished her quad-pak.

The final thing to putting together the annual is proofreading. Mrs. Rhoton looks very pleased with the quad-pak she has just proofread.

Putting together the yearbook takes more than just pictures; it takes a lot of typing and hard work as Cissy Mills knows.

One of the first steps of putting a yearbook together is planning a rough draft, which Jamie Bourk is doing.

This is what Travis Hudgens looks like after a hard day's work on the annual

CO-OPERATION

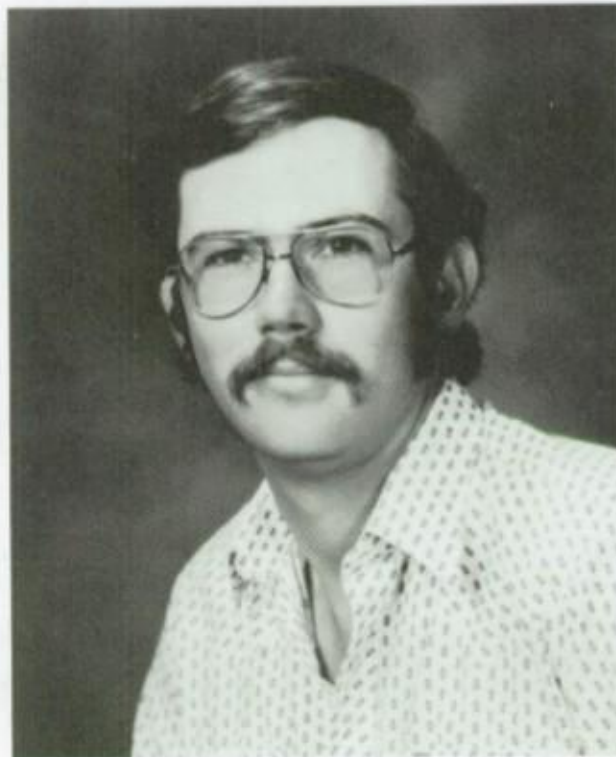

It ain't the guns or armament,

Mary,

I decided to use a whole page on my own. I hope you don't mind. I guess you can't really do anything about it anyway. ^{HA}

Wow!! We've made it through 12 whole years and only have this last one to go. Praise the Lord! When we were in grade school if anyone had said you and I would become best friends, we probably wouldn't have believed them. God knew what He was doing though, and I have praised Him over and over for your friendship. Thanks for being there.

Over this past year I have watched you mature so much in your Christian walk. I encourage you to keep growing. Let the world see Christ in every aspect of your life. I love you more than words can say.

Forever,

Dana
